Conflict Minerals Policy Statement

Goldenbamboo Electronics (Zhuhai) Co.,Ltd has always been taking observation of social responsibility and ethics, lawful business operations, supreme product quality and technology innovation as its goal, so as to promote the benign development of company and industry.

Conflict Minerals (CM) refers to the metallic mineral like gold (Au), tantalum (Ta), tin (Sn), and tungsten (W), so called 3TG, from mining areas in conflict regions controlled by non-government military groups or non-military groups of Democratic Republic of Congo (DRC). Conflict minerals and the profits concerned acquired by related local military groups are illegally stolen from local citizens, which causes violation of human right and degradation of environment in the east of DRC. Goldenbamboo Electronics pays high attention to the issue concerning conflict minerals, and takes corresponding measures to deal with it.

It is committed that Goldenbamboo Electronics would not support any usage of conflict minerals. Suppliers of Goldenbamboo Electronics are required to submit Conflict Minerals Report regularly, and no suppliers are allowed to source or use conflict minerals.

Goldenbamboo Electronics (Zhuhai) Co.,Ltd

**We promote responsible minerals sourcing among suppliers
and refuse to use conflict minerals in our products**
